

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been providing precision load placement ever since the year 1959. Whether the work entails positioning heavy steel, landing loads on scaffolding or transferring loads, utilizing a Lull telehandler would help make the work go faster and easier. These units are complete along with the patented Stabil-Trak stability system to be able to ensure operator confidence.

The Lull horizontal load placement system provides eighty inches of boom travel for precision placement capabilities. Different optional accessories is available for Lull telehandlers in order to help do whichever task.
