

Rockwell Part

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and components along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their customers' expectations for quality, service, technology and delivery. They believe in working in an atmosphere that supports the utmost integrity with empowered collaboration, together with a unyielding pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of ecological stewardship and safety in how they do business. The business has put various programs in place in order to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with whichever questions or comments, as they are glad to share and promote this policy with a greater understanding of their efforts. They are very committed to preserving and improving the environment. AxleTech has an EHS program which not just protects the environment but which also actively protects their neighbors and workers also.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in manufacturing and designing planetary axles meant for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech particularly designs axles in order to meet particular application demands. They have over one thousand different axle specs in their present offering. With more than 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The business is well known in several commercial and military applications. They offer complete axle assemblies for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have extra details which can be seen in the "ISAS" product collection.
