

TCM Forklift Parts

TCM Forklift Parts - In the global trade of material handling, forklifts play a major part for transporting industrial goods. First innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained recognition after WWII during the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread globally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's first forklift. Throughout the years, TCM forklifts have become an international leader in forklift manufacturing and have built a solid reputation with the trade. TCM began building lift truck manufacturing sites outside of Japan in the 1980s and is presently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

With more than 50 years of accumulated expertise and technology, TCM has been proudly manufacturing many models of industrial forklifts, making their models recognizable all over the globe. With an energetic and strong staff, TCM has been able to continually work towards becoming a future leading material handling business.
